## INDEX CARD

# BPS-25A fuse for control circuits

### Application:

The **BPS-25A** fuse is designed to protect against the effects of short-circuits in the control circuits of Lea - 12 ... type locomotives powered from **SBS-4** and **SBS-4W** or **SBS-4WŻ** batteries.

### Construction:

The BPS-25A fuse has the same dimensions as the BPS-350A and is designed to be installed in the plugs of connection sockets of the dKAW-400 or dKAW-400A type. The BPS-25A fuse housing is reusable, the SIBA 25A DC fuse is inside the fuse.

#### Technical data of BPS-25A fuses

Rated supply voltage $U_N$	250 [V]
Rated phase current $I_N$	25 [A]
Weight	~ 700 [g]
