INDEX CARD

Fire absorber cap Z-UPO type

Application:

The Z-UPO fire absorber plug is intended for use in flameproof transformers and ROK .. switchboards. The plugs are the accessories that enable to plug the fire absorber sockets.

Certificate:

The Z-UPO fire absorber cap has the EU type examination certificate: **KDB 07ATEX102U / 2** of **23.05.2011**, carried out by the Central Mining Institute, the Certification Body of the Experimental Mine "Barbara" as a supplement to the EU-type examination certificate **KDB 07ATEX102U** of **February 28, 2007**, and meets the requirements of the following standards:

- PN-EN 60079-0:2013 (EN 60079-0:2012),
- PN-EN 60079-1:2014 (EN 60079-1:2014).

The Z-UPO type flame absorber plug was marked in accordance with the EU-type examination certificate as follows:

 1461 **KDB 07ATEX102U** I M2 Ex d I Mb
