INDEX CARD

BPS-350 fuse for SBS-4 accumulator batteries

Application:

BPS-350 fuses are used to protect against the effects of short-circuits of SBS-4, SBS-4A, SBS-4B accumulators and are mounted in the plugs of the dKAW-400 type flameproof coupling blocks located on the above-mentioned battery boxes.

Technical data of BPS-350 fuses	
Rated supply voltage U_N	250 [V]
Rated phase current I_N	350 [A]
Time t_w of short-circuit disconnection 4kA	400 [ms]
Weight	~ 700 [g]

Opinions, judgments:

BPS-350 fuses have been tested and received a positive opinion from **the Institute of Electrical Power Engineering of the Silesian University of Technology** in Gliwice.
