INDEX CARD

Special ratchet wrench ROK-6 / IT3Sb + disconnector lever

Special ratchet ROK-6 / IT3Sb + lever for disconnector serves:

- for opening flameproof chambers of IT3Sb, IT3Sd, IT3Sc, IT3Sm transformer stations and for opening flameproof chambers of ROK-6 switchgears,
- as levers of flameproof transformer stations IT3Sb, IT3Sd, IT3Sc, IT3Sm.

Ratchet wrenches are made of welded steel. The rack of the key is made of 40H grade steel.

Ratchet wrenches are protected against corrosion by coating them with anticorrosive, anti-static paint. The handle of the key is knurled for better grip.
