	<b>Ratchet wrenches for flameproof battery boxes type SBS-4 and SBS-5</b>	

The **ratchet wrenches** are designed for opening and closing SBS-4 and SBS-5 type flameproof battery boxes.

**Ratchet wrenches** are built as a welded structure of high-grade steel. Ratchet wrenches are protected against corrosion by coating them with anti-corrosive, anti-static paint.

The keys are produced in two versions:

- for boxes type SBS-4
- for boxes type SBS-5
